## Portable Storage Device ( USB OTG + Memory Card ) Portable Digital Device User's Choice

### Performance

- **Memory Card Backup Speed** ( by patented 'X-Copy' Technology )
    - Max Speed : **20Mbyte/sec**
    - Sustained Speed : **12Mbyte/sec**
  - **Battery Life** ( Backup Volume at a full Charge )
    - Internal Battery : **30Gbyte**
    - External Battery (Option) : **70Gbyte**
- ※ Memory Card used at Performance Test : SanDisk Extreme III CF 1G

### Highlighted Functions

- **Big Hard Disk Drive Support** ( over 128Gbyte 2.5" SATA ) **The Only One in the World**
- **Intelligent Plug & Play Operation** ( Automatic Recognition of linked Device )
- **Easy-to-use Single Button Control**
- **Double Copy Detection**
- **Data Move** ( Delete after Copy ) / **Data Verify** ( Compare HDD and Original Data )
- **Previous Backup Result Display** at next Power-on
- **Increase HDD Lifetime** by Head Parking before Power-off
- **Fully operable with USB Power** ( ↔ Laptop PC )
- **Firmware upgradeable** through USB
- **USB Mass Storage Class** ( via OTG Port )
  - USB Card Reader
  - Portable Digital Devices which are recognized as Removable Storage on Windows System
- **Power Management**
  - **Overvoltage Protection** (to protect HDD / up to 20V)
  - Simultaneous Power Supply/Charging of Internal & External Battery

### Application

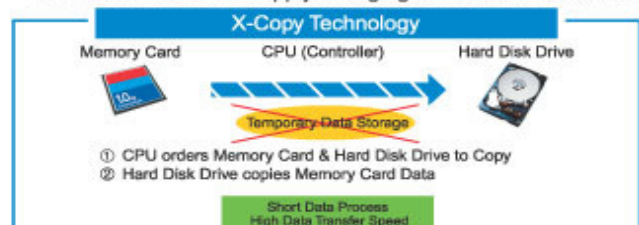

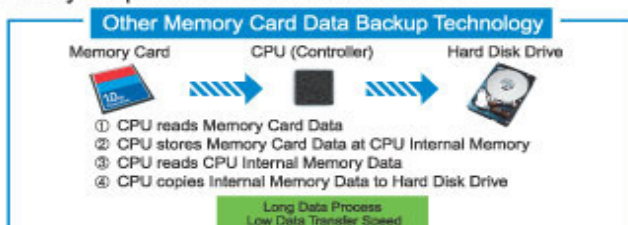

- **Mobile Data Backup**
  - **USB OTG Backup** ( USB Port ↔ USB Port )
    - Digital Camera / Camcorder, MP3 Player, PSP / PMP ( via USB Cable )
    - USB Mass Storage Class
  - **Memory Card Backup** ( via Memory Card Slot )
- **External Hard Disk Drive** ( USB 2.0 )

### Connectivity

- **2 USB Ports** ( separate USB Ports for **OTG & PC** Interface )
- **Memory Card Slot** ( for CF & MD )
- **Optional Memory Card Adapter** ( 17-in-1 )

### Appearance

- **Hard-looking safe & reliable Design** (Aluminum)
- **Mobility emphasized Walkman-size Unit**
